Dear Mr Marais

AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION ISSUED ON 06 JUNE 2016 FOR THE CONSTRUCTION AND OPERATION OF THE 100 MEGAWATTS MEEDING PHOTOVOLTAIC SOLAR ENERGY FACILITY AND ITS SUPPORTING ELECTRICAL INFRASTRUCTURE PROPOSED BY SOUTH AFRICA MAINSTREAM RENEWABLE POWER DEVELOPMENTS (PTY) LTD NEAR DEALESVILLE IN THE FREE STATE PROVINCE

The Environmental Authorisation (EA) issued for the abovementioned application by this Department on 06 June 2016, your application for amendment of the EA received by the Department on 16 April 2021 and the acknowledgement letter dated 20 April 2021, refer.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 06 June 2016 as amended, as follows:

Amendment 1: Change of contact details of the holder of the Environmental Authorisation:

Mr Michael Mangnall
South Africa Mainstream Renewable Power Developments (Pty) Ltd
PO Box 45063
Claremont
CAPE TOWN
7735

Telephone Number: (021) 657 4058
Email Address: mike.mangnall@mainstreamrp.com

M.S

Is hereby amended to:

Mr Eugene Marais
South Africa Mainstream Renewable Power Developments (Pty) Ltd
PO Box 45063
Claremont
CAPE TOWN
7735

Telephone Number: (021) 657 4052
Email Address: eugene.marais@mainstreamrp.com

Reason for the amendment: The contact person for the Applicant reflected on the Environmental Authorisation is no longer Mr Michael Mangnall. The contact details of the Environmental Authorisation must be updated to reflect the new details of the holder of the Environmental Authorisation which is Mr. Eugene Marais.

Amendment 2: Extend the validity period of the Environmental Authorisation:

The activity must commence within a period of five (5) years from the date of expiry of the EA dated 06 June 2016, now extended to **06 June 2026**. If commencement of the activity does not occur within that period, the authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken.

Reason for the amendment: The key motivating factor for the request to amend the Environmental Authorisation validity period, is to ensure that the Applicant has a project that is compliant with the requirements of the Department of Mineral Resources and Energy ("DMRE")(previously the Department of Energy) Renewable Energy Independent Power Producer Procurement ("REIPPP") Programme. Due to various reasons, outside of the Applicant's control, the planned announcements and roll-out of bidding rounds have not occurred as previously planned for. As a result, the REIPPP Programme has been delayed, resulting in the project not yet being selected as a preferred bidder, further necessitating the need for the Environmental Authorisation's validity period to be extended.

The Department is aware that the environment changes constantly, as a result it might be significantly different from the one that existed at the time of the issuing of this EA, hence the validity of the EA cannot exceed a maximum period of 10 years. Failure to commence with construction activities within the maximum 10 year period, your EA will be deemed to have lapsed and a new application for Environmental Authorisation will have to be lodged.

This proposed amendment letter must be read in conjunction with the EA dated 06 June 2016 as amended.

In terms of the Promotion of Administrative Justice Act, 2000 (Act No 3 of 2000), you are entitled to the right to fair, lawful and reasonable administrative action; and to written reasons for administrative action that affects you negatively.
