Dear Mr Marais

**AMENDMENT OF THE ENVIRONMENTAL AUTHORISATION ISSUED ON 06 JUNE 2016 FOR THE PROPOSED CONSTRUCTION AND OPERATION OF THE 100 MEGAWATTS (MW) KENTANI PHOTOVOLTAIC (PV) SOLAR ENERGY FACILITY AND ITS SUPPORTING ELECTRICAL INFRASTRUCTURE PROPOSED BY SOUTH AFRICA MAINSTREAM RENEWABLE POWER DEVELOPMENTS (PTY) LTD NEAR DEALESVILLE IN THE FREE STATE PROVINCE**

The Environmental Authorisation (EA) issued for the abovementioned application by this Department on 06 June 2016, your application for amendment of the EA received by the Department on 16 April 2021 and the acknowledgement letter e-mailed to you on 26 April 2021, refer.

Based on a review of the reason for requesting an amendment to the above EA, this Department, in terms of Chapter 5 of the Environmental Impact Assessment Regulations, 2014 as amended, has decided to amend the EA dated 06 June 2016 as amended, as follows:

### **Amendment 1: Change of contact details of the Holder of the EA, on page 2 of the EA:**

**From:**

Mr Michael Mangnall  
South Africa Mainstream Renewable Power Developments (Pty) Ltd  
PO Box 45063  
**CLAREMONT**  
7735

Telephone Number: (012) 657 4058  
Email Address: mike.mangnall@mainstreamrp.com

**To:**

Mr Eugene Marais  
South Africa Mainstream Renewable Power Developments (Pty) Ltd

*MS*

PO Box 45063  
CLAREMONT  
7735

Telephone Number: (021) 657 4052  
Email Address: Eugene.Marais@mainstreamrp.com

**Reason for the amendment is as follows:**

The contact person for the holder on the EA is no longer Mr Michael Mangnall. The contact details in the EA were required to be updated to reflect the new contact details of the holder of the EA, which is Mr. Eugene Marais.

**Amendment 2: Extension of validity period of the EA:**

The validity period of the EA is hereby extended by an additional five (5) years to **06 June 2026**. Condition 7 of the EA dated 06 June 2016 is thus amended as follows:

*"7. This activity must commence within a period of ten (10) years from the date of issue of the authorisation (i.e. the EA lapses on 06 June 2026). If commencement of the activity does not occur within that period, the authorisation lapses and a new application for environmental authorisation must be made in order for the activity to be undertaken."*

The Department is aware that the environment changes constantly, as a result it might be significantly different from the one that existed at the time of the issuing of this EA, hence the validity of the EA cannot exceed a maximum period of 10 years. Failure to commence with construction activities within the maximum 10 year period, your EA will be deemed to have lapsed and a new application for Environmental Authorisation will have to be lodged.

**Reason for the amendment is as follows:**

The key motivating factor to amend the EA validity period, was to ensure that the holder of the EA had a project that is compliant with the requirements of the Department of Mineral Resources and Energy ("DMRE") (previously the Department of Energy) Renewable Energy Independent Power Producer Procurement ("REIPPP") Programme. Due to various reasons, outside of the EA holder's control, the planned announcements and roll-out of bidding rounds have not occurred as previously planned for. As a result, the REIPPP Programme has been delayed, resulting in the project not yet being selected as a preferred bidder, further necessitating the need for the EA's validity period to be extended. The amendment does not change the scope of the existing EA, nor increase the level or nature of the impact, which impact was initially assessed and considered when the application was made for an Environmental Authorisation.

**General**

This EA amendment letter must be read in conjunction with the EA dated 06 June 2016.
