The amendment is requested to avoid the houses that were built under Letaba Resinga 66kV powerline servitude after the EA was granted and therefore it is critical to deviate the power line route to obviate the houses as well as and allow safety clearances between the line and houses.

This letter must be read in conjunction with the Environmental Authorisation dated 09 April 2013.

In terms of Regulation 4(2) of the Environmental Impact Assessment Regulations, 2014, as amended you are instructed to notify all registered interested and affected parties, in writing and within 14 (fourteen) days of the date of the EA, of the Department's decision in respect of your application as well as the fact that an appeal may be lodged against the decision in terms of the National Appeals Regulations, and the provisions regarding the submission of appeals as contained in the Regulations.

Should any person wish to lodge an appeal against this decision, he/she must submit the appeal to the appeal administrator, and a copy of the appeal to the applicant, any registered interested and affected party, and any organ of state with interest in the matter within 20 days from the date that the notification of the decision was sent to the registered interested and affected parties by the applicant; or the date that the notification of the decision was sent to the applicant by the Department, whichever is applicable.
