Site: Permit Application for Ground Penetrating Radar Survey and Test Excavations on Two Sites located in Kendal Power Station, Mpumalanga Province (Application for GPR and Test Excavations - Kendal Power Station)

Vhubvo Archaeo-Heritage Consultants has been appointed by Eskom to conduct a Ground Penetrating Radar Survey and test excavations on two features suspected to be graves. These features are located at Kendal Power station in Mpumalanga Province. This permit is allocated for GPR and Test excavation to confirm the existence of graves protected in terms of section 36(3) of the National Heritage Resources Act (Act 25 of 1999). The following conditions must be adhered to:

Conditions:

1. If the permit holder is not to be present on the site at all times then the heritage authority must be provided with the names and qualifications of the authorised representatives.
2. Adequate recording methods as specified in the Regulations and Guidelines pertaining to the National Heritage Resources Act must be employed. Note that the position of all excavations and objects collected must be marked on a site plan.
3. A standard site record form must be lodged on SAHRIS.
4. If human remains are uncovered during test excavations, all activities must stop until SAHRA BGG Unit has issued a grave relocation permit.
5. No human remains must be exhumed and relocated under this permit.
6. Human remains must at all times be handled with respect and graves should not be disturbed except where unavoidable. The consultation procedures as indicated in the Regulations and the National Heritage Resources Act must be observed as appropriate. The recommendations for removal of graves and exhumations and for re-burial stipulated in SAHRA's Policy 'What to do when graves are uncovered', section 3, must be observed as far as possible.
7. A permit report is due by **30 November 2023**.
