CaseID: 7166

Date: Wednesday March 30, 2016
Page No: 1
PermitID: 2216

PERMIT: Pre-disturbance survey

In terms of Section 35(4) of the National Heritage Resources Act (Act 25 of 1999)

Permit Holder: Dr Bruno Werz

African Institute for Marine and Underwater Research, Exploration and Education (AIMURE)
AIMURE
27 Rose Avenue, Tokai 7945
Cape Town

Site: Haerlem (SHIPWRECKID2114)

1. Work under this permit will be limited to a non-intrusive magnetometer and multi-pole resistivity survey on the beach of Table Bay, and an airborne electro-magnetics survey to locate the wreck of the Nieuwe Haerlem.
2. The survey area is defined by the following co-ordinates in the north ($33^{\circ} 48' 56.84''S$; $18^{\circ} 28' 20.26''E$), and south ($33^{\circ} 51' 30.61''S$; $18^{\circ} 29' 20.00''E$) and by the low and high water marks in the west and east respectively.
3. This permit does not allow any intrusive investigation of anomalies identified in the magnetometer survey. No excavation or the removal of material from any potential site/s may, therefore, take place under the terms of this permit.
4. A detailed survey log must be kept during the survey. The survey log will be required as part of the submission of any future application to SAHRA related to this project.
5. A detailed technical report presenting the results of the survey must be submitted to SAHRA on or before 16 March 2017. This report must contain detailed information about the survey and its results. Magnetometer data should be presented as colour gradient charts showing total magnetic field, rather than as sine-type graphs showing valleys and peaks.
6. Reprints of all published papers or copies of theses and/or reports resulting from this work carried out

under this permit must be lodged with SAHRA. If a published report has not appeared within three years of the expiry of this permit, the report required in terms of the permit will be made available to other researchers on request.

7. It is the responsibility of the permit holder to ensure that all other necessary permissions for the survey have been obtained and are observed.
8. SAHRA shall not be liable for any losses, damages or injuries to persons or properties as a result of any activities connected with this permit.
9. SAHRA reserves the right to cancel this permit by notice to the permit holder.

This permit is valid from **16/03/2016 to 16/03/2017**.

John Gribble
Manager: Maritime and Underwater Cultural Heritage Unit
South African Heritage Resources Agency

Additional Info:

Please note that this permit may be suspended should an appeal against the decisions be received by SAHRA within 14 days from the date of the permit. SAHRA may not be held responsible for any costs or losses incurred in the event of the suspension or retraction of this permit.
