Mrs Christine Rowe

RE: Relocation of engraved stones to the Lydenburg Museum

Dear Madam

Regarding your enquiry of 10 December 2013 the following:

The Lydenburg Museum has no objection to permanently house a rock engraving that is currently endangered by the Panorama Mall development, should SAHRA give the necessary permission.

Rock engravings are an integral part of the history of Lydenburg and it will be a suitable place for such an engraving to be relocated to.

Kind regards

JP Celliers, Museum Curator.

A handwritten signature in dark ink, appearing to read 'JP Celliers', written over a faint horizontal line.
