

# Progress Update since SAMA 2012

- SAHRIS Version 2 development completed in January 2013 (included the collections management features)
- Two NAS Servers acquired and installed December 2012 – January 2013, now over 90 terabytes of free storage
- Replication and backup with disaster recovery server in Johannesburg
- 6052 Objects loaded thus far
- NALN, NASMUS & PACOFS captured their collections directly on SAHRIS; Groote Schuur migrated from 2005 audit
- Two workshops run for museums in Pretoria and Cape Town

# SAHRIS

an agency of the  
Department of Arts and Culture

# What do we need to do next?

- National endorsement of SAHRIS by the Department of Arts & Culture
- Funding digitisation teams, both for inhouse staff at the bigger museums and for contractual teams
- Grow the support infrastructure for SAHRIS
- Improve the moderation of the content and taxonomies
- Setup the naming committees
- Respond to development needs based on user feedback
- Promote the content uploaded to SAHRIS
- Recording of living and oral heritage
- Think out of the box as new opportunities arise
